# Encouraging Civil Society Input for the 2022 Rule of Law Report

Wednesday, 16 December 2021, 16:00-18:00 (CET)

In December 2021, the European Commission launched a public consultation for the third edition of the Rule of Law Report. The Report monitors significant developments, both positive and negative, relating to the rule of law in EU Member States, covering four pillars: the justice system, the anti-corruption framework, media pluralism, and other institutional issues related to checks and balance. Also, for the first time, the new edition of the report will include recommendations for EU Member States.

Civil society organizations can participate in this process by sending their input to the Commission as well as by engaging in promoting and discussing the Report at the national level. The practice of last two years practice showed that civil society across the Member States had different approaches to participating in this process.

The online discussion organized jointly by the [Hungarian Helsinki Committee](#), [Helsinki Foundation for Human Rights](#), and [Romanian Helsinki Committee \(APADOR-CH\)](#) - in cooperation with the [Recharging Advocacy for Rights in Europe \(RARE\)](#) project - aims to encourage and assist civil society organizations in participating in the 2022 Rule of Law Report consultation and to share experience and best practices for preparing responses to the Commission's questionnaire.
